

Warm Up 2-11-08

For "Shops at the Mall," you were given 100 squares. Of the squares 20 are walkways, 3 are shoes, and 1 each of jewelry, family, food, gifts, and other. How many spaces do you have left for clothing?

Extra Credit: If the ratio of women's to men's clothing is 5 to 2. How many of the remaining spaces are women's clothing? (Submit on a separate sheet of paper.)
